# ABOUT THE SCHOOL

## **Practicing the Montessori Method**

PMI is dedicated to following the Montessori method, a unique educational philosophy developed by Dr. Maria Montessori over 100 years ago.

Programs are child-led and self-paced while guided and enriched by knowledgeable educators to help students become independent, lifelong learners who are academically grounded and socially confident about their place in the world.

## **Designed for Your Child and You!**

We believe that children are like sponges - they are constantly absorbing and learning. It is important to us that we create a holistic environment for your child in school and with our expertise, be your support at home.

## Our Goal

It is our goal to build an environment that will help every student explore, communicate, work and perfect skills to their highest potential. We want each student to grow in self-esteem, be well-grounded in academics and joyful about learning.

# OUR SCHOOL PROGRAM - BAMBINO

From 15 months to 2 years 5 months

- (ii) One copy of previous School Reports (if attended).
- (iii) 3 recent passport size photographs of the child.
- (iv) 1 each passport size photographs of the parents.

5. Our **Admission and Support Policy** states that parents are required to inform the school at the time of admission if their child has any developmental delays or requires individualized support. This allows the school to make informed decisions in the best interest of the child and the school community. If the school determines that additional personalized supervision is necessary, this will be arranged by the parent at an additional cost in consultation with the school. The school will provide its full support within its available resources. However, if the parent refuses to comply with the above, the school will not be held responsible for such necessary actions taken in the best interest of the child's development and well-being.

6. **Prodigy Montessori India School Management** reserves the rights to confirm admission based on age, child's readiness or any other valid concerns.
